

A Glimpse of History

The Story of DJ C's professional beginnings start at a night club in Central, PA called The Peppermint Lounge. Chris began DJing at *The Pep* in the early 1990's and became the resident DJ there for over 15 years.

With two to four weekly shows at *The Pep*, Chris honed his skills to read audiences and determine what music would best fit the needs of the crowd. Many evenings this Sunbury Hot Spot would have 500-700 guests who were continually entertained by DJ C.

While DJing at *The Pep*, Chris also expanded out into the Wedding Reception business. Having completed over 475 wedding reception services—DJ C is a *DJ Wedding Specialist*.

“My goal is to provide you with the best planning, coordination, & entertainment service possible!” **DJ C**
